In continuing our efforts to provide New York State golf clubs with great service and support, the NYSGA will be holding free Tournament Pairing Program (TPP) Seminars in 2012. All PGA Professionals will receive 4 MSR hours for their attendance.

For those of you who use TPP to run your club's events, these seminars can be a great refresher for the new golf season. If you don't use TPP, then please feel free to attend to learn about it and how it can benefit your club's events.

Space is limited, so you must register by contacting Scott Gerbereux at the NYSGA.
